I'm well qualified in the area in which this bill deals with. However, the bill is very simple and easy. It's to bring the standards of elevator requirements up, increases the fees, I'd move the bill be advanced.

SPEAKER: Is there any further discussion? Are you ready for the question? Question is, shall LB 320 be advanced? All those in favor vote aye, those opposed vote no. Clerk will record.

CLERK: 25 ayes, no nays, Mr. President, on a motion to advance.

SPEAKER: Bill is advanced. LB 187. Senator Waldron.

SENATOR WALDRON: Mr. President, 187, 313 and 134 are my bills generally speaking and I'm waiting for amendments for them so they should be taken off of the list.

CLERK: What are the three?

SENATOR WALDRON: 187, 313 and 134 and they will be controversial, probably. 187 is almost not...

SPEAKER: We just passed over those bills. LB 377.

SPEAKER: Senator, are these are those all the committee amendments, just this one amendment?

SENATOR WILTSE: That's all that I have here.

SPEAKER: All right, now you have heard Senator Wiltse explain the committee amendment. Is there any further discussion? If not, all those in favor of the amendment say aye, those opposed no. The amendment is adopted. Are there further amendments, Mr. Clerk?

CLERK: None.

SPEAKER: Senator Duis.

SENATOR DUIS: Mr. President, I ask that this bill be advanced from General File to E & R for Initial. This legislation
